

Metatron Flower (Light) ***(The Universal Portal – masculine)***

Result of meditation on the symbols:

The flower is a pyramid with a center of power, through which the light, the power, the energies are being channeled

Opens our power center so that the light gives us energy

Infinity and self healing deep down

Positive and negative energies

Channeling of answers through the symbols

Pandoras' box (many emotions will be opened in you)

Healing of former lives

Awakening

Sharpness in all

A Tunnel to the Universe – a direct access

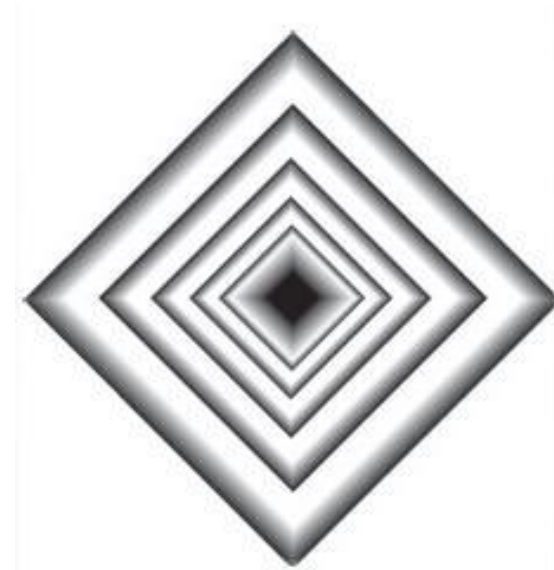

Focus and stillness (Healing of thoughts and moving of focus)

Changing of cell structure

Theta-vibrations (the spaces in the Metatron Flowers vibrate when you look at them Clarity (sees all behind what is seen))

The Symbols are especially good for persons with very heavy energies

especially those who are mentally affected and those with traumas and imbalance

Both symbols are used for balancing of the positive and the negative (the light one by the head and the dark one at the feet – so that the two symbols form two double pyramids)

Choose yourself what you need to manifest, either meditate or place a glass or a carafe of water on top of the symbol you wish to use and let it be there for a little while.

Drink a little now and then from the water which is now coded with the quality which you yourself have decided or the quality stated above, and you will obtain the healing effect you want.
